# SAGAR

LinkedIn: https://www.linkedin.com/in/anurag78 Email:sagarpanwar890@gmail.com
GitHub: https://github.com/Sagar Mobile: +91 8955889909

## SKILLS

**Languages:** C, C++, JavaScript
**Frameworks & Libraries:** React.js, Node.js, Express.js, HTML, CSS, Bootstrap, Tailwind CSS
**Tools & Databases:** MySQL, MongoDB, Git, GitHub
**Soft Skills:** Problem Solving, Team Collaboration, Adaptability
**Core Concepts:** Data Structures and Algorithms, DBMS, SQL, Object-Oriented Programming (OOP)

## PROJECTS

**Personal Library (Book-Tracker)** | MERN Stack | Github July 2025

- Developed a full-stack MERN application to manage personal book collections with complete CRUD operations and secure authentication.
- Implemented advanced search functionality, category-based filtering, reading-status tracking, and MongoDB-based persistent data storage.
- Designed RESTful APIs and integrated frontend with backend services to ensure scalable architecture and smooth data flow.

**Aid-Connect Portal** | RESTful APIs, JWT Authentication, Role-Based Access Control | Github April 2025

- Architected a scalable role-based government scheme management platform with secure JWT authentication and protected user access.
- Designed and implemented RESTful APIs for secure user authentication and application processing.
- Enabled real-time status tracking, improving system efficiency and reducing response time.

**E-Learning Platform** | HTML, CSS, PHP, MySQL | Github April 2025

- Built a responsive web-based Learning Management System (LMS) featuring secure login, course enrollment workflows, access control policies, and digital study resources.
- Configured database-driven progress analytics and server-side business logic using PHP and MySQL to enable reliable user progress tracking and content management.
- Enhanced application quality by applying session management, and modular code structure to improve scalability, maintainability, and user experience.

## TRAINING

**Cipher Schools** June 2025 – July 2025
Full Stack Development

- Completed hands-on training in MERN stack development including frontend, backend, and RESTful API integration.
- Built responsive user interfaces and implemented secure authentication with CRUD-based backend architecture.

## CERTIFICATES

- Php with Laravel | Udemy Jan 2026
- Master in AI | Udemy Aug 2025
- Responsive Web Design | freeCodeCamp October 2023

## ACHIEVEMENTS

- Solved 100+ Data Structures and Algorithms problems on Leetcode covering multiple core topics. January 2026
- Advanced to the third round in a competitive hackathon by developing a functional prototype under time constraints. March 2024

## EDUCATION

**Lovely Professional University** Phagwara, Punjab
Bachelor of Technology-Computer Science and Engineering August 2023 – Present
**CGPA: 7.2**

**Shri Jain Public School** Bikaner, Rajasthan
Intermediate (PCM) March 2021 – May 2022
**Percentage: 82**

**Melbourne Secondary School** Bikaner, Rajasthan
Matriculation March 2019 – June 2020
**Percentage: 86**
